About UNM School of Medicine

- UNM School of Medicine graduated its first class of MDs in 1968. Before the UNM School of Medicine was created in 1962, there were residencies at the former Bernalillo County Indian Hospital (currently University of New Mexico Hospital), with the first residents graduating in 1955 (see the note on terminology below)
- On average, there are 400 medical students and 590 medical residents and fellows in training at the UNM School of Medicine
- Each year, approximately 100 medical students graduate and 180 medical residents and fellows complete their training at the UNM School of Medicine

Note on Terminology

All MDs who graduated from UNM School of Medicine or who completed all or part of their residency at UNM are referred to as **UNM-trained MDs**.

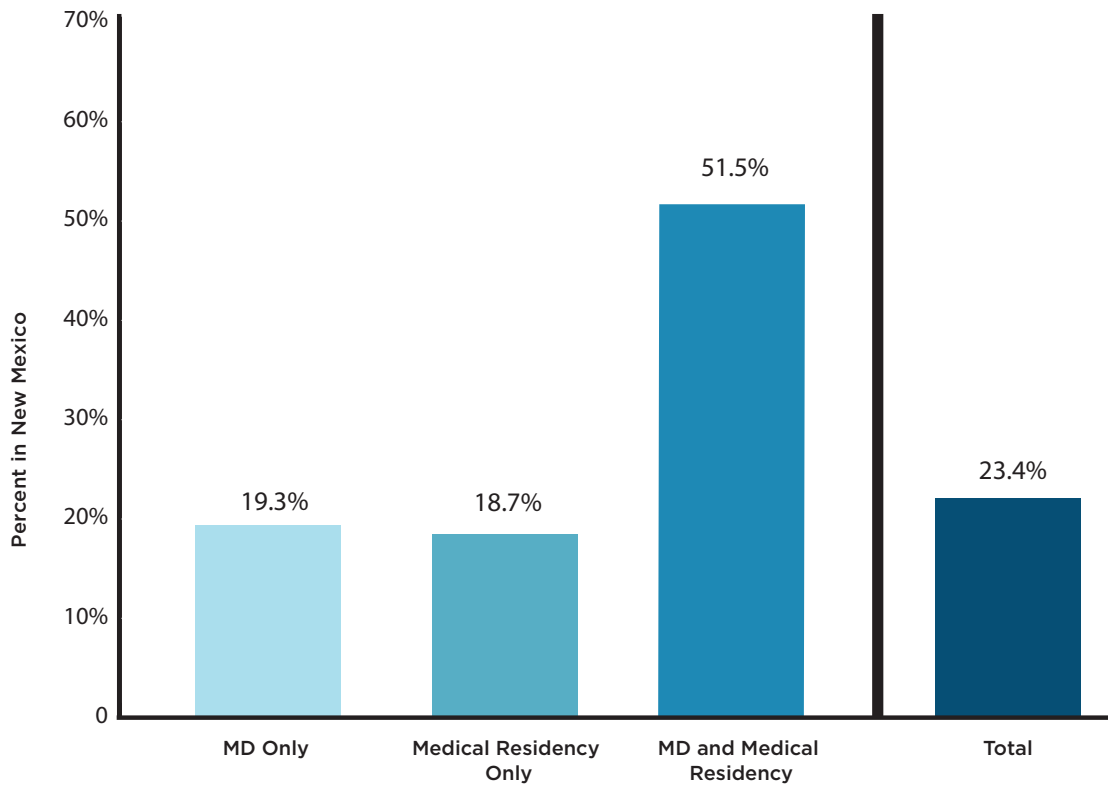

UNM-trained MDs fall into three mutually exclusive categories:

- MD degree from UNM, Medical Residency out-of-state (**MD Only**)
- Medical Residency at UNM, MD degree out-of-state (**Medical Residency Only**)
- Both MD degree and Medical Residency at UNM (**MD and Medical Residency**)

Location Report: The Approach and Methods

Our intent with this report is to provide the best available information about UNM-trained MDs who were licensed to practice in New Mexico in 2016. It is important to note that any recent relocation by these individuals may not be reflected in our data.

To be included in this report, the following conditions must have been met:

Each Individual included in the Location Report:

- 1) Has a Medical Doctor (MD) degree
- 2) Is a UNM School of Medicine and/or Graduate Medical Education graduate
- 3) Has an active license from the New Mexico Medical Board
- 4) Had a New Mexico address in 2016

This report consists of all UNM School of Medicine MD recipients from 1968 through 2016 and all MDs who completed their medical residencies at the University of New Mexico Hospital (formerly Bernalillo County Indian Hospital) from 1955 through 2016. A number of sources were used in the compilation of this report. The lists of University of New Mexico School of Medicine MD recipients (since 1968) and former residents (since 1955) were obtained from the University of New Mexico School of Medicine's Office of Medical Student Affairs and the Office of Graduate Medical Education, respectively. After these lists were obtained, the UNM-Trained MDs were matched to a list of active MDs with a New Mexico license, which is obtained annually from the New Mexico Medical Board. Additionally, known deceased and retirees are removed from the total number of UNM-Trained MDs.
